

Nominate a teacher to be chosen as a Seahawks Hero in the Classroom

Do you know a Shoreline teacher who deserves recognition for his or her hard work and dedication in the classroom? Nominations for the 2011-12 Symetra Heroes in the Classroom are now open.

Twenty-four Puget Sound area teachers will be selected for their outstanding leadership and instruction. Winners will receive two tickets to a 2011 Seattle Seahawks home game, a VIP sideline experience at Qwest Field, as well as recognition at school and on field during game day.

Hero selection is based on a teacher's ability to balance the core curriculum with students' individual needs; build trust among students, parents and the community; and invest in their students' long-term success. Eleven Shoreline teachers

Shoreline's 2010-11 Symetra Financial Heroes in the Classroom were honored at a luncheon hosted by the Seahawks at Qwest Field that included a tour of the locker room, with a locker set aside for each winning teacher.

were honored last season by the Seahawks and Symetra Financial.

The first Seahawks home game is Sept. 25 against the Arizona Cardinals. The sooner the nominations are submitted, the more opportunity your favorite teacher has to be a winner!

Superintendent's Message:

School Board to consider supplemental levy

Dear Shoreline Schools Community,

Shoreline, like all K-12 educational communities in the state, is deeply disappointed in the state budget approved by the Legislature on May 25. The impact of the funding cuts to Shoreline will be approximately \$5.56 million annually.

Included in these cuts is \$4.2 million in voter approved I-728 dollars used for class-size reduction, professional development of staff and extended learning opportunities for struggling students. Another \$800,000 in funding was cut in class-size reduction in grades K-4, funding which has been in place for more than 20 years. Finally, another \$560,000 was reduced in employee compensation.

The impact of these reductions is only magnified by the loss of federal stimulus funds amounting to \$1.5 million annually for special education and Title I programs. Our District is looking at approximately \$7 million less revenue coming into Shoreline's general fund for each of the next two years. In addition, the state has raised the retirement and health care costs to the District by approximately \$860,000

over the next two years. The District's reserves are healthy, but certainly not adequate to weather this financial storm for two more years.

Even after having to supplement K-4 class size funding by using \$600,000 in reserve funds this year, the District believes that it can sustain the current class size model next year as well. However, by 2012-13 more revenue will be required.

The one remaining funding source currently untapped in our educational community is the additional capacity in the maintenance and operations levy authorized by the state last year. It is estimated that we would be able to collect approximately \$1.2 million more of local revenue in 2012 to 2014 if voters approved a supplemental levy in November 2011. Current estimates suggest that such a measure would increase rates by 15 cents per \$1,000 of assessed value or about \$60 a year for a home valued at \$400,000.

The Shoreline School Board plans to consider this option at its regular meeting on June 6. Our neighboring districts of Edmonds, Northshore and Seattle are already collecting that additional levy capacity. We believe that our community has the right to choose this option as well.

Sincerely,

Sue Walker
