

## Overview

Use the Career planning tools in Naviance Student to find best fit careers and clusters and pathways of interest, connect to careers of interest, be inspired by leaders who have turned their passions into life’s work, and locate local, real-world career learning events and opportunities.

Find your passion and start planning for your future today!

## Explore Careers

To explore careers in Naviance Student, go to **Careers > Explore Careers**.

### Career Search

Careers will be listed in alphabetical order by default with several options to find specific careers.

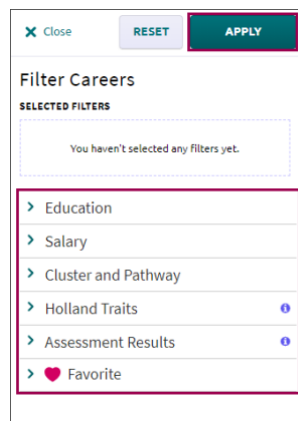

Options include:

**Search:** **Type a career name** in the search field, then click **Go**.

**Sort By:** Click the drop-down arrow and **select title, education, or salary** to sort the list of careers.

**Filter:** To display the filter menu, click **Filter**. From the filter menu, choose from **Education, Salary, Cluster and Pathway, Holland Traits, Assessment Results, and Favorites**. Click **Apply** to generate a list of careers that are exactly what you are looking for.

## Career Profiles

To find out more about each career, click on the **career name**.

Find information such as:

**Overview:** Information may include

- education requirements
- related clusters and pathways
- related Holland Traits
- and more

**Skills and Experience:** Get an idea of what someone in this career does at work by learning about:

- Important knowledge areas
- Skills needed
- Key abilities
- Activities carried out during the workday
- Tasks performed

**Wages:** Find the average rate, salary or hourly, by country, state, or city.

**Upcoming Events:** See any local events or opportunities shared by your school that are related to the career.

To close the career profile and return to the list of careers, click **Back to Explore Careers**.

## Favorite Careers

Add careers of interest to a list of favorites by clicking on **Favorite**. *In Favorites* will display along with a red heart.

To remove a career from your list of favorites, click on **In Favorites**. *Favorite* will display with an empty heart.

The screenshot shows the career profile for "Aerospace Engineering and Operations Technicians". At the top, there is a "Back to Explore Careers" link. The title "Aerospace Engineering and Operations Technicians" is prominently displayed with a "FAVORITE" button (a red heart icon) to its right. Below the title is a navigation bar with tabs for "OVERVIEW", "SKILLS AND EXPERIENCE", "WAGES", and "UPCOMING EVENTS". The "OVERVIEW" tab is selected. The main content area includes a "Get Excited About Your Future" section with a motivational message, an "About This Occupation" section describing the job duties, and an "At a Glance" section. The "At a Glance" section lists "Education" as "4 Year College" and "Median National Salary" as "\$67,240".

Two career cards are shown side-by-side. The first card is for "Actors", featuring an illustration of pencils and a paintbrush. It lists "Education" as "High School Diploma" and "Median Salary" as "\$36,379". At the bottom, there is a button with a red heart and the text "IN FAVORITES". The second card is for "Actuaries", featuring an illustration of a money bag and a calculator. It lists "Education" as "4 Year College" and "Median Salary" as "\$101,560". At the bottom, there is a button with an empty heart and the text "FAVORITE".

# Explore Clusters and Pathways

To explore careers in Naviance Student, go to **Careers > Explore Clusters and Pathways**.

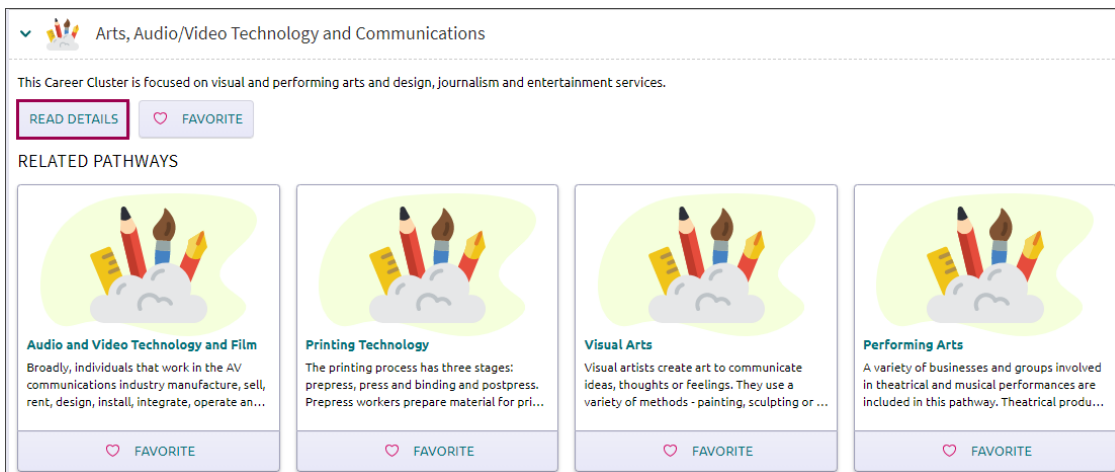

Career Clusters will be listed in alphabetical order. Click on the arrow to display cluster information and related pathways.

## Cluster Profiles

To learn more about the cluster, click **Read Details**.

An overview of the cluster, related pathways, and additional information will display.

Additional information may include:

**Upcoming Events:** See any local events or opportunities shared by your school that are related to the cluster.

**Employment Outlook:** Find information such as the number of jobs, employment rates, and more.

**Related Occupations:** View a list of careers related to the cluster.

**Related Majors:** See a list of college majors to pursue that are related to the cluster.

## Science, Technology, Engineering and Mathematics Cluster

FAVORITE

**Overview**  
 There are thousands of challenging educational and training opportunities within the high-skilled world of Science, Technology, Engineering and Mathematics. Learners need a solid background in math, science and technical skills. Education and training can be obtained in high schools, technical colleges, two-year community colleges, four-year colleges and career technical schools/institutes. Along the way, career guidance professionals assist learners in assessing their educational goals, interests, abilities and skills to facilitate a good match to the cluster's pathway options. Learners participate in relevant educational opportunities framed in the context of the cluster. They gain knowledge and skills through coordinated workplace learning experiences such as site visits, job shadowing and internships. If they choose, they may achieve valuable skill certifications that lead to employment. Colleges and universities offer advanced degrees and industry certifications that prepare learners for professional and technical careers. A career in science, technology, engineering or mathematics is exciting, challenging, and ever-changing. Learners who pursue one of these career fields will be involved in planning, managing, and providing scientific research and professional and technical services including laboratory and testing services, and research and development services.

## Visual Arts Pathway

FAVORITE

**Related Cluster**  
 Arts, Audio/Video Technology and Communications Cluster

**Overview**  
 Visual artists create art to communicate ideas, thoughts or feelings. They use a variety of methods - painting, sculpting or illustrating - and an assortment of materials, including oils, watercolors, acrylics, pastels, pencils, pen and ink, photography, plaster, clay and computers. Their works may be realistic, stylized or abstract and may depict objects, people, nature or events. Visual artists are categorized in two groups: Fine artists create art to satisfy their need for self-expression while illustrators and graphic designers put their artistic skills at the service of commercial clients, such as major corporations; retail stores; and advertising, design and publishing firms.

## Explore Roadtrip Nation Videos

---

The Roadtrip Nation Interview Archive is a digital career exploration tool that enables students to access more than 8,000 video interviews chronicling the diverse personal stories of leaders who have turned their interests into their life's work.

To access Roadtrip Nation in Naviance Student, go to **Careers > Roadtrip Nation Interview Archive**.

There are five search options available in the video archive:

**What's Your Road?** – Find your road with the What's Your Road? Feature. Choose a foundation and two interests, then the What's Your Road? feature will match you to leaders with similar roads.

**by Playlist** – Choose a pre-assembled playlist consisting of video interviews from leaders.

**by interests** – Choose from the listed interest categories (e.g. medicine, art, business) and explore interviews in fields that align with your interests.

**by Themes** – Choose from the listed themes (e.g. risk, failure, determination) in which leaders specifically address their own trials and learning related to the particular theme.

**by Leaders** – Choose from all the leaders interviewed. You can filter the list as needed.
