Profile = the main application, which all colleges require. Each college will also have its own section.

Add Colleges

The screenshot shows the 'Colleges' section of a Coalition application portal. At the top left is the 'COALITION' logo. The navigation bar includes 'Home', 'Profile', 'Locker', 'Colleges' (highlighted), and 'Help'. On the right are notification and user profile icons. The main heading is 'Colleges' with a 'Share List' option. Below this is a search bar with a magnifying glass icon and a dropdown menu currently set to 'Coalition colleges'. A '+ SHOW LIST' button is centered below the search bar. The list contains two entries: 'Carleton College' and 'Colby College'. Each entry features the college's logo, name, and a 'College and Deadline Information' dropdown. Below each name is a checkbox and a text prompt: 'I want to start sharing my contact information with [College Name]. They may use the number in my contact information to text message me.' To the right of each prompt is a blue 'START APPLICATION' button and a vertical ellipsis menu icon.

Notes & Tips

-
- Any high school student can start the Profile anytime
 - UW portions not available until 9/1, but you can look up writing prompts
 - Unofficial transcript will be handy for the coursework section; request from Mrs. Roma after school starts in fall sharon.roma@shorelineschools.org
 - SS# not required, but recommended

Similar and Different

- Both are long: start early
- Both used by many schools
 - sometimes you can choose which app to use, sometimes not
- Both require essays
- Differences in Activity sections
- Difference in Coursework sections
- Only Common App is integrated with Naviance; be prepared for more legwork regarding school documents with the Coalition Application.
