

Examples:

	Completion of 7 th and 8 th Grade Math Courses	Algebra Requirement Met in Middle School	Algebra and Geometry Requirement Met in Middle School
9 th 1 st credit	Algebra	Geometry	Algebra 2
10 th 2 nd credit	Geometry	Algebra 2	Any higher level math
11 th 3 rd credit	Algebra 2	Any higher level math	Any higher level math
12 th	No math or any higher level math course after Algebra 2	No math or any higher level math course	No math or any higher level math course

*If students choose to take a class for high school credit at the middle school, then they may start high school working on their 2nd or 3rd credit. This only changes the left-hand column.
