Read and Sign: I understand that I am making a commitment to my choices above and that change requests cannot be granted. I have carefully considered the homework load of the classes I selected, as well as outside activities that may place demands on my time (such as extra curricular activities both in and out of school, sports, work, family obligations, etc.) I have chosen an appropriately challenging – yet reasonable – course load. I understand that once I indicate I want to take a class, I will not be able to alter my choices unless the class is not offered. I have talked to my teachers, family, and/or counselor for advice. If I have selected an Honors or Advanced Placement class, I will review the summer assignment/syllabus/course information and am committed to staying in Honors or AP all year. I also understand that Shorewood administration may adjust my selections to increase rigor or offer intensive intervention if my grades, test scores, and/or teacher recommendations indicate that I may need additional support to master grade
