STUDENTS

Home-based Instruction

Stated procedures are as follows:

1. Distribute "Annual Declaration of Intent to Provide Home Based Instruction" form to interested parents upon request;

2. Forms are to be completed and returned to the instruction department of the Shoreline School District no later than within two weeks of the beginning of any quarter, trimester or semester;

3. Forms are then recorded and filed in the instruction department;

4. If requested, the district will assist in recommending instructional materials and in providing core learning objectives;

5. Students may be enrolled for part-time instruction and/or receive ancillary services; ancillary services are limited to those currently available to full-time students within the limits of schedules, staffing, and resources;

6. Parents wishing to use the district standardized testing program must coordinate with the districtwide testing schedule;

7. The district will not supply, lend, or rent any instructional equipment or materials to students on full-time home-based instruction. Part-time students are eligible to access those ancillary services which pertain to the course in which the student is enrolled.

8. High school credit for home-schooled courses is not automatically granted. Students must utilize petition procedures. Only "P" (pass) grades will be given for such approved courses. In order to be eligible to graduate from Shoreline District Schools, the student must be enrolled as a full-time student (minimum of five classes) for the entire semester prior to graduation.
