2. A full-time private or alternative school student may participate on the interscholastic teams of a public school if the student would be eligible for full-time enrollment within that public school and if the interscholastic activity is unavailable to the student in the private or alternative school. Private, alternative school, and home based instruction students must meet the same team responsibilities as public school team members and are obligated by the same standards of behavior and performance as other members of the team.
3. Home based instruction students must provide to the school administration acceptable documentation of "full-time" attendance, academic achievement standards, and any other interscholastic eligibility standards required of all other student participants.

PRIVATE AND ALTERNATIVE SCHOOL STUDENT

It is the policy of Shoreline School District that students who attend a private or an alternative school and who live in the district may have the opportunity to participate in any sport in the district's athletic program not offered in the private school or alternative school he/she attends.
