make up rule

The parties mutually agree to the following addition to Article 30.5:

1. "In the event of a school closure due to unforeseen emergencies and/or inclement weather, the District shall notify employees one (1) hour prior to the beginning of the employee's shift. Employees not timely notified and reporting to work shall receive a minimum of two (2) hours pay. Employees may work with their supervisor to make up time not worked or choose to use vacation or personal hours to make up the difference between their normal shift and the hours of work missed due to emergency and/or inclement weather closure. To the extent possible, time should be made up in the same week the emergency closure occurs. In the event school is closed and a make up day is scheduled by the District later in the year, the make up day will serve to make up the time missed on the day of emergency closure."
