

**Proposal to Alter School Site
Shoreline School District**

This form is to gain approval for site alteration requests.

- After the building principal approves the proposed site alteration request, it should be sent to the Di Mikesell in the Deputy Superintendent's Office, where it will either be approved or distributed to other pertinent departments for their input and/or approval.
- Following review of the proposal, the applicant may be asked to modify and resubmit the proposal.
- The building principal will notify the Facility Department following installation for final on-site inspection.
