

Seeking High School Volunteers for Your Event?

Please email the following information in the text of a message to:

Marianne.Stephens@ShorelineSchools.org at Shorewood High School.

We prefer getting notice at least four weeks in advance of your event; six to eight weeks would be preferable.

Please note that we will:

- list your events on our Community Service pages;
- include the events in emails about Community service opportunities; and
- use posters advertising your event around the high school buildings.

Note that we are unable to:

- screen volunteers;
- gather groups of volunteers for you;
- forecast how many students will sign up for your event;
- send an all-student email about a single event;
- guarantee that all students who sign up will follow through.

Please provide an announcement written for a student audience. Include the following information in your blurb:

- The name of your organization and/or event.
- Dates and times when volunteerism would be performed.
- Address where project/tasks will be performed.
- Description of duties, including any perks.
- Primary contact person. Students will contact you, not us, if they are interested in volunteering for the event.
- Contact phone and email
- Organization website
- Any posters or flyers that we can use to advertise. These can also be snail-mailed to us at our high schools.

Thank you for your cooperation!

Marianne Stephens, College & Career Readiness Coordinator
