

HIGH SCHOOL & BEYOND PLAN/ SENIOR PROJECT 2020

The Senior Project is a collection of evidence.

Every student graduating from Shorewood High School must submit evidence of a post-high school plan. Elements accepted as evidence vary according to the pathway a student will pursue.

Early completion of the project is highly recommended. Students whose plans are mostly in place can turn in the project starting January 2020.

Steps

1. Use the attached **Outline** to look up the required and recommended elements for each category.
2. Save all confirmation emails (college & job applications, FAFSA, WASFA) and acceptances, for proof of application and proof of financial planning. Save copies of scholarship & job applications.
3. Start or update your **Resume**, a required part of the 2020 Senior Project. See attached guidelines.

If you wish, use one of the Shorewood Resume Templates:

Go to www.shorelineschools.org/swcollegeandcareer and go to the Resume page, nested under the Jobs page and look for Templates 1 and Template 2.

4. *If you are applying to colleges*, update the outcomes in Naviance as you hear back from schools. This step is not a required part of the project, but it is a requirement to get Career Center clearance for graduation.

If you will be applying for jobs, work on your cover letter as well as your resume.

If you are doing the career, internship, gap, or missionary paths, find a Financial Budget Worksheet on the Senior Project/ HSBP page of the College & Career website, www.shorelineschools.org/swcollegeandcareer or in the shared Senior Project Google folder. Download, fill in your information, answer the questions, print off a completed copy, and attach.

If you are doing a gap year or a missionary plan, work on your outline and see Mrs. Stephens.

5. Once your post-high school plans are firm (you do not have to make a final choice of college) complete the project.

- Fill out the attached **Senior Project Tracking / Evaluation Sheet** and use as the front sheet.
Do not include this instruction sheet or the outline when you turn the project in.
- Take your resume draft to a Career Center workshop and, if approved, get a signature.
- Attach hard copies of the evidence and your resume to the tracking sheet. Be sure you have *all* elements of your pathway.
- Have your SAS Teacher—or Counselor if you do not have a SAS Teacher — check and sign off on your project.
- Turn the project in to Mrs. Stephens in the Shorewood Career Center by May 1, 2020.
